PROFESSIONAL SUMMARY

Senior Frontend Developer | UI Trainer with **5+ years of experience** building responsive, high-performance web applications including **e-commerce platforms, landing pages, static websites, and invoicing systems**. Strong expertise in **HTML5, CSS3, JavaScript (ES6+), Tailwind CSS, Bootstrap, GSAP**, and **UI performance optimization**. Experienced in **mentoring teams, conducting code reviews, and collaborating in Agile/Scrum environments**. Currently strengthening React.js skills to align with modern frontend architecture and scalable UI development.

TECHNICAL SKILLS

Frontend Technologies : HTML5, CSS3, JavaScript(ES6+), jQuery

Styling & UI : Tailwind CSS, Bootstrap, SCSS/SASS, Responsive Design, GSAP

Tools & Platforms : Git, Bitbucket, Jira, Figma, Photoshop, Netlify

Quality & Performance : Performance Optimization, Cross-Browser Compatibility, UI Testing, Lighthouse Audits

Leadership & Process : Team Training, Code Reviews, Agile/Scrum

PROFESSIONAL EXPERIENCE

Senior Frontend Developer / UI Trainer

Mar 2023 – Present

Swipewire Technologies, Chennai

- Lead end-to-end frontend development for e-commerce platforms, invoicing systems, landing pages, and enterprise UI modules, ensuring responsiveness, performance, and design consistency.
- Conduct technical training sessions and continuous knowledge-sharing programs for frontend developers, improving code quality, UI standards, and team productivity.
- Actively mentor and guide team members, assign tasks, review deliverables, and support developers in resolving UI, responsiveness, and performance issues.
- Perform code reviews to enforce best practices in HTML5, CSS3, JavaScript, Tailwind CSS, and GSAP, focusing on reusability, maintainability, and clean UI architecture.
- Collaborate closely with Team Leads, Business Analysts, QA, and backend teams in Agile/Scrum environments to ensure timely and high-quality delivery.
- Implement performance optimizations, cross-browser fixes, and Lighthouse-based audits to enhance page load speed, accessibility, and overall user experience.
- Contribute to ongoing React.js upskilling by building components, understanding hooks, and applying modern frontend patterns in active projects.

Frontend Developer / UI Developer

Dec 2020 – Mar 2023

BRQ Glob Tech PVT LTD, Kerala

- Developed responsive and user-friendly web interfaces using HTML5, CSS3, JavaScript (ES6+), jQuery, Bootstrap, and Tailwind CSS for multiple client-facing projects.
- Translated Figma designs and UI/UX mockups into pixel-perfect, cross-browser-compatible web pages following modern UI standards.
- Built and maintained static websites, landing pages, and business applications, ensuring consistent behavior across devices and browsers.

- Optimized frontend assets by minifying CSS/JS, improving image handling, and reducing DOM complexity, leading to improved page load performance.
- Worked closely with backend developers to integrate APIs and ensure smooth frontend–backend collaboration.
- Followed structured development workflows and contributed to Agile-based project execution with regular updates and issue resolution.

KEY PROJECTS

E-Commerce Applications

- Developed full frontend UI from scratch for e-commerce platforms with product listings, cart pages, checkout flows, and responsive layouts.
- Optimized UI performance and usability for desktop and mobile devices.

Static Websites & Landing Pages

- Built high-performance static websites and marketing landing pages focused on SEO, responsiveness, and conversion optimization.
- Implemented modern UI practices and animations using GSAP.

Invoice UI & HTML Email Templates

- Designed and developed GST-compliant invoice UI layouts for screen, print-friendly formats, and responsive views with accurate data alignment.
- Built responsive HTML email templates for system notifications and business communications, ensuring consistency with UI and branding standards.

Cloned UI Projects

- Recreated complex UI designs and cloned interfaces for learning, POCs, and client demonstrations while maintaining clean and scalable code.

EDUCATION

Bachelor of Computer Applications (BCA)

Aug 2016 – Mar 2019

Srinivas Institute of Management Studies - Mangalore University

ACHIEVEMENTS

- **CSS3 Excellence Award** : Awarded for outstanding contribution to UI development and maintaining high standards in responsive CSS3 architecture.
- **Leadership Recognition**: Recognized as a top performer and promoted to a Technical Trainer role within a short period based on consistent performance. Entrusted with team ownership, technical training sessions, and contributing strategic UI ideas across projects.
