PROFESSIONAL SUMMARY

Senior Frontend Developer & UI Trainer with 5+ years of experience building responsive, cross-browser web applications, including **e-commerce platforms, invoicing systems, and marketing websites**, using **HTML5, CSS3, JavaScript (ES6+), Bootstrap, and Tailwind CSS**. Strong experience in **component-based UI development, reusable components, responsive design, accessibility (WCAG 2.2), REST API integration, performance optimization, SEO, and cross-browser compatibility**. Currently expanding hands-on **React.js** expertise with components and hooks. Mentor a team of **4–5 frontend developers**, lead **code reviews**, and drive **UI performance and accessibility improvements through Lighthouse audits** in Agile/Scrum environments. Experienced with modern development tools and **AI-assisted development**.

TECHNICAL SKILLS

Frontend : HTML5, CSS3, JavaScript (ES6+), Semantic HTML, DOM Manipulation, Event Handling, Promises, Async/Await, Form Validation, jQuery, Responsive Web Design

Version Control & Deployment : Git, GitHub, Bitbucket, Netlify, Vercel

Tools : Jira, Figma, Photoshop, npm, Vite, Browser DevTools, ESLint, Prettier

Performance & Quality : Lighthouse, Performance Optimization, Core Web Vitals, Lazy Loading, Code Splitting, Image Optimization, Cross-Browser Compatibility, SEO, Unit Testing

Professional & AI Tools : Mentoring, Code Review, Frontend Architecture, Agile/Scrum, AI-Assisted Development, Prompt Engineering, GitHub Copilot / Claude / Cursor / ChatGPT

PROFESSIONAL EXPERIENCE

Senior Frontend Developer / UI Trainer

Mar 2023 – Present

Swipewire Technologies, Chennai

- Lead frontend development for **100+ static websites/landing pages** and **500+ invoice UI templates annually**, alongside e-commerce and enterprise UI projects.
- Deliver **technical training** and mentor **4–5 frontend developers** across multiple projects, providing technical guidance, implementation support, and project coordination.
- Conduct **code reviews** and promote best practices in **HTML5, CSS3, JavaScript, Tailwind CSS**, and **GSAP**, with a focus on reusable and maintainable UI.
- Collaborate with **Team Leads, QA, Business Analysts, and backend engineers** in **Agile/Scrum** projects, participating in status meetings and coordinating development activities.
- Conduct **Lighthouse** performance and accessibility audits, improving **Core Web Vitals, cross-browser compatibility, responsive design**, and overall user experience; while expanding hands-on **React.js** experience.

- Developed responsive, cross-browser web interfaces using HTML5, CSS3, JavaScript (ES6+), jQuery, Bootstrap, and Tailwind CSS for multiple client-facing projects.
- Translated Figma designs and UI/UX mockups into pixel-perfect, cross-browser-compatible pages following modern UI standards.
- Built and maintained static websites, landing pages, and business applications with consistent behavior across devices and browsers.
- Optimized frontend assets by minifying CSS/JS, improving image handling, and reducing DOM complexity to improve page load performance.
- Partnered with backend developers to integrate REST APIs and ensure smooth frontend–backend data flow.
- Followed structured Agile workflows, providing regular status updates and resolving issues within sprint cycles.

KEY PROJECTS

E-Commerce Applications

- Developed responsive frontend interfaces — **product listings, product details, cart, checkout, forms, and navigation** — with consistent UI across desktop, tablet, and mobile.

Static Websites & Landing Pages

- Delivered **100+ static websites and landing pages**, converting designs and business requirements into responsive, SEO-friendly, performance-focused interfaces using **HTML5, CSS3, JavaScript, Bootstrap**, and **GSAP**.

Invoice UI & HTML Email Templates

- Delivered **500+ GST-compliant invoice interfaces annually** with accurate data alignment and print-friendly formats, plus responsive HTML email templates for business communications.

Cloned UI Projects

- Recreated complex UI layouts for skill development — responsive design, reusable patterns, **JavaScript** interactions, and modern frontend techniques.

EDUCATION

Bachelor of Computer Applications (BCA)

Aug 2016 – Mar 2019

Srinivas Institute of Management Studies - Mangalore University

ACHIEVEMENTS

- **CSS3 Excellence Award** : Awarded for outstanding contribution to UI development and maintaining high standards in responsive CSS3 architecture.
- **Leadership Recognition**: Recognized as a top performer and promoted to a Technical Trainer role within a short period based on consistent performance. Entrusted with team ownership, technical training sessions, and contributing strategic UI ideas across projects.
